

We have pretty much walked through the entire voting process for a voter who is pre-registered in the precinct. Now, we will talk about what the voting process looks like if a voter is not pre-registered in the precinct.

As a reminder, the first election judge a voter encounters is the greeter judge who determines whether or not they are registered to vote in the precinct. If they are, the Greeter Judge sends them to the Roster Judge. If they are not, the Greeter Judge confirms they are in the correct polling place using the precinct finder and sends them to the Registration Judge.

Registration Judge

- * Verifies the voter is not pre-registered
- * Verifies the voter is at correct polling place
- * Verifies voter has not cast an absentee
- * Has voter complete Voter Registration Application
- * Verifies Voter Registration Application is legible
- * Verifies Voter Registration Application is complete
- * Verifies voter has required proof of residency

The Registration Judge should always begin by looking a voter up in the Master List and the Precinct Finder. Sometimes voters are unaware that the DMV and USPS send information to the County to update voter records. Also, having two different Election Judges verify that the unregistered voter is in the correct polling place is purposeful. It is a very serious matter if an otherwise qualified voter is turned away and not permitted to vote on election day. At the same time, a voter who is permitted to register and cast a ballot in a precinct they are not assigned to will be investigated for felony fraud by the Ramsey County attorney. This is humiliating and inconvenient for the voter and, if it is found that it was purposeful, could result in large fines and jail time.

After verifying that the voter is in the correct precinct, the Registration Judge also checks the Absentee Election Day Registration list to ensure that the voter has not cast an absentee ballot. If the voter is in the correct precinct and has not voted by absentee ballot, the judge has the voter complete a Voter Registration Application.

The Registration Judge verifies that the registration application is legible and complete and that the voter has the required proof of identity and residency.

- Remember a PO box is not an acceptable residential address

2016 Election Judge Guide Page 16-21

All persons who register on Election Day must have proof of residence in the precinct.

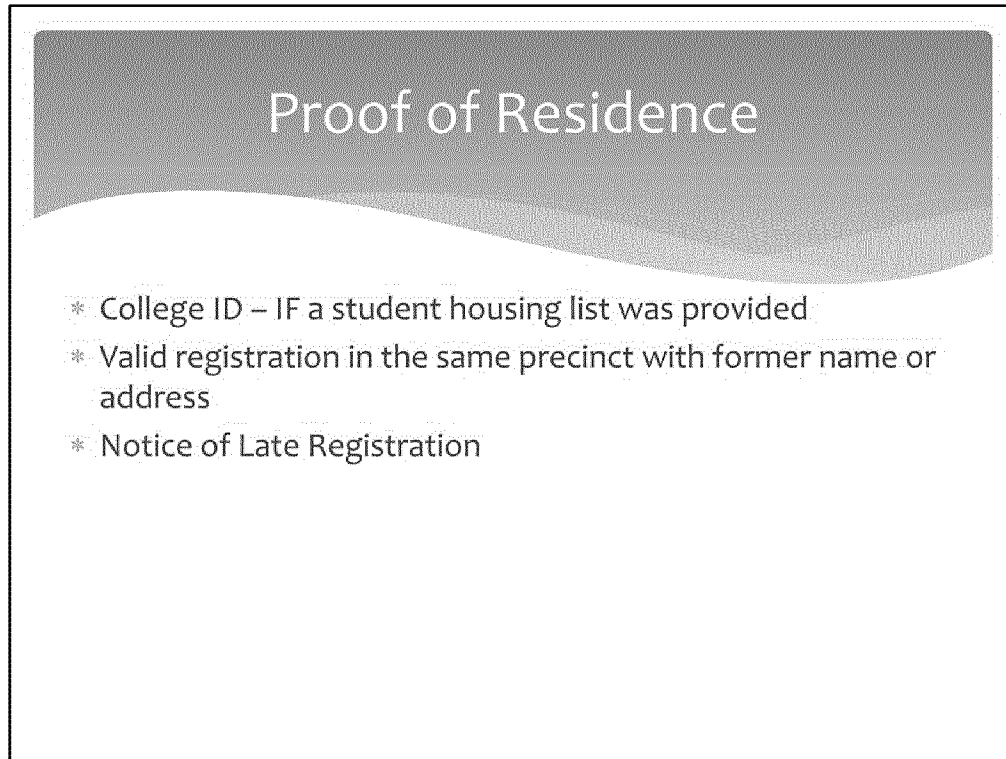

Minnesota law provides several options to use for proof of residence and ONLY these options may be used.

Voters may use the following valid identification documents, if the document has the person's current name and current address in the precinct:

- A valid Minnesota driver's license, Minnesota Learner's Permit or Minnesota ID Card.
 - A "status check" notation in the lower right-hand corner, indicates the voter was not a citizen at the time they applied for the license. They may or may not have become a citizen since obtaining the license, permit or ID. As such, the Head Judge must follow the Roster Challenge Procedures found in your Election Judge Guide to determine whether or not they are currently eligible to cast a ballot.

- The yellow receipt for a Minnesota Driver's License, Learner's Permit, or ID Card.
- A Tribal ID that also includes the voter's name, address, signature and picture issued by the tribal government of a tribe recognized by the Bureau of Indian Affairs. Tribal band members are not required to live on a reservation in order to use their tribal ID to prove residency in a precinct.

2016 Election Judge Guide Page 16-21

New Brighton does contain some student housing for Bethel College and perhaps others. If your Head Judge has been provided with a list of student housing in your precinct, a student named on this list can register and vote on Election Day by showing a valid current student ID card as long as that card has their photo on it.

If a voter is currently registered in the precinct but changed names or moved within the same precinct, their prior registration in the same precinct serves as proof of residence – no additional documentation is needed.

A voter who registered less than 21 days before election day should have been sent a Notice of Late Registration from Ramsey County. This notice can be used as proof of residence.

<h2 style="text-align: center;">Proof of Residence</h2> <p style="text-align: center;">One photo ID <i>plus</i> a current document</p>	
<p><u>Photo ID with name</u> (can have old address, no address or be expired)</p> <ul style="list-style-type: none"> • Driver's license, state ID card or learner's permit issued by any state • MN Student ID (secondary or post-secondary) • Tribal ID • U.S. Military or Veteran ID • U.S. Passport 	<p><u>Current document showing voter's name and current address in the precinct</u></p> <ol style="list-style-type: none"> 1. Residential lease/rental agreement (if it is valid through election day) 2. Student fee statement 3. Bill, account or start of service statement due or dated within 30 days of election for: phone, television, internet, utilities, bank and credit accounts and rent or mortgage payments

Voters may also register using a combination of two documents as proof of residence. One document must be a photo ID with the voter's name.

Acceptable photo IDs include:

- Driver's licenses, state ID's, or learners permits from any state,
- MN student IDs
- Tribal IDs – with the voter's name, photo and signature (address missing or old)
- U.S. Military or Veteran ID's or
- U.S. Passports

Photo IDs are used to show who the voter is along with a current document that shows the voter resides within the precinct boundaries. The documents, which may be either paper or electronic, must show the voter's current name and address in the precinct. Documents a voter may use to register on election day include:

- Residential lease or rental agreement (must be valid through Election Day)
- Current student fee statement

- Bill, account or start of service statement due or dated within 30 days of election for:
 - Phone (landline, cell, or Voice Over Internet Protocol)
 - Television (cable or satellite)
 - Internet services
 - Solid waste or sewer
 - Electric, water or gas
 - Banking services or credit cards
 - Rent or mortgage statements or receipts for payments (MUST show an address)

For bills delivered electronically, “original” means a printed copy of the electronic bill or a display of the bill on the voter’s portable electronic device.

Proof of Residence Vouching

- * Registered voter (voucher) who can confirm the registrant's name and address
- * Vouched for cannot vouch
- * Challengers cannot vouch
- * Election judges can vouch if registered in precinct
- * One registered voter cannot vouch for more than 8 voters
- * Paperwork required: Voucher Form and Precinct List of Persons Vouching form

Vouching is another way to provide proof of residence in the precinct for election day registration. A “voucher” is a registered voter residing in the same precinct as the voter who is registering.

A few rules apply to vouching.

- a voter vouched for cannot vouch for another individual
- challengers are not allowed to vouch
- election judges can vouch for a voter if they have personal knowledge of the voter's residency and are working in their home precinct
- a voucher cannot vouch for more than 8 voters

The election judge has the voucher complete the Voucher Form on the back of the registration application.

The judge verifies the voucher's registration using the Greeter List or Master List and signs Voucher Form.

The election judge must complete the Precinct List of Persons Vouching

form for each voucher in the precinct to ensure that no individual vouchers for more than 8 people in any one election.

Have the voters indicate the location on the map or verbally describe the location to verify it is in the precinct. Note, these voters must have an eligible voucher to verify their residency.

The park itself is not a residence. Must sleep in front of a house to obtain a residential address.

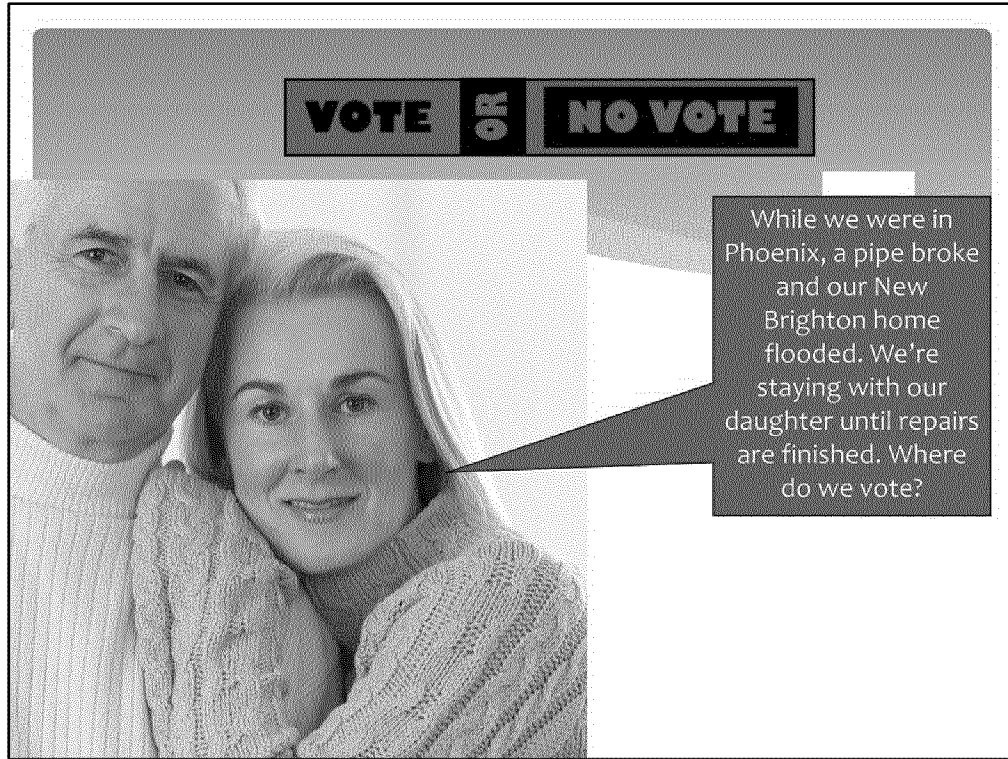

Students may choose to vote at home or in the precinct where they live while attending school, depending on where they consider their residence to be.

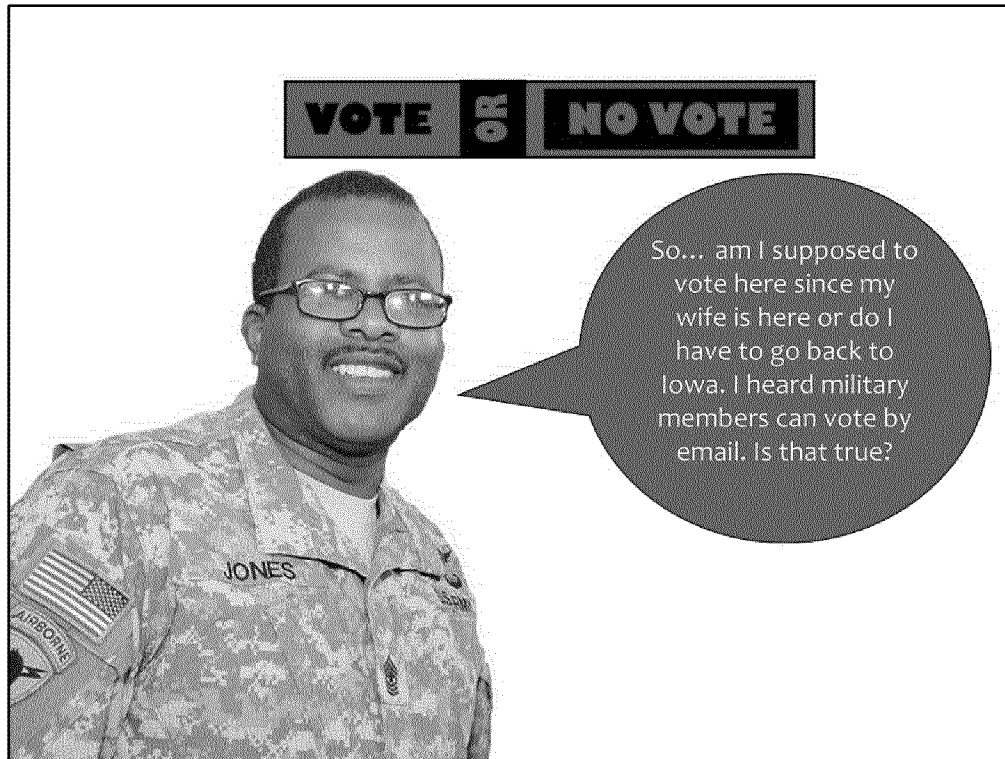

VOTE OR NO VOTE

I am here legally. I have a green card and own my own house. I pay property taxes and deserve to vote!

Yes, they can vote in the precinct where their house was located.

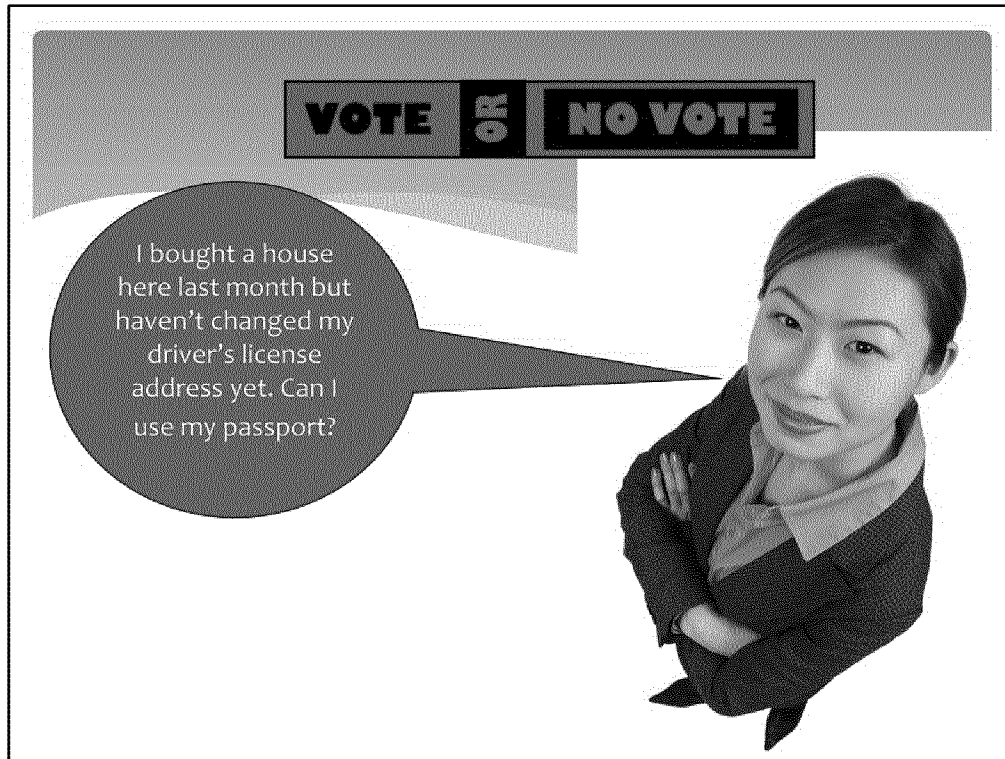

I am stationed at Fort Bragg. My wife and I had a house in Iowa but she sold it and moved with the kids to New Brighton to be closer to relatives while I am on active duty. I heard there was some new email voting for soldiers but I am home on leave this week and am really confused. Do I vote in Iowa, New Brighton, North Carolina, by email or what?????

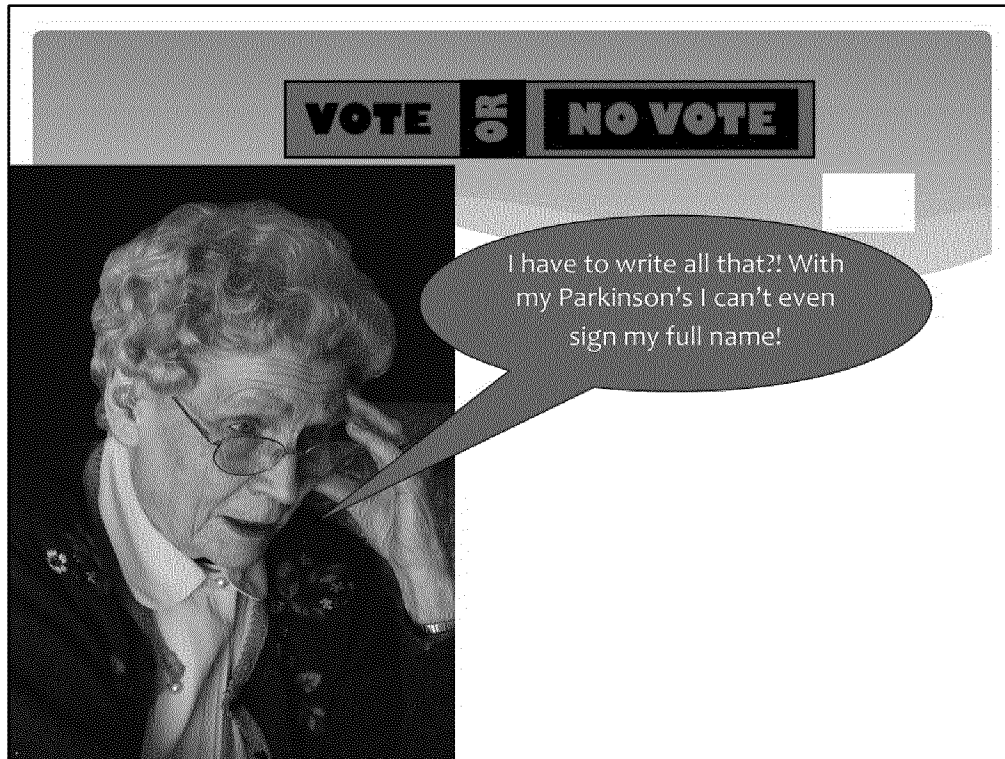

An individual's residence is located in the precinct where the individuals' family lives, unless the individual's family is living there only temporarily. So... if his wife and kids are living in New Brighton, and he considers his permanent home to be with his wife and kids, he MAY vote in New Brighton.

Military personnel and other US citizens living overseas to apply for a special absentee ballot that can be emailed to them. They print it out, complete it and have it witnessed and then mail it back. This was done in hopes that the ballots could actually make

it to polling places on time to count. Even though he is not overseas, his active duty status would qualify him for this but Election Day is too late to request and cast any type of absentee ballot.

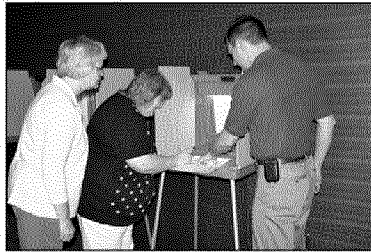

Passports are not acceptable by themselves. Either the DL with the wrong address or the passport would be acceptable means of establishing ID but she will still need a utility bill dated within 30 days to establish his address or someone to vouch for her.

Yes, it is acceptable for the voter to make a mark, and then you must certify the mark by signing the voter's name for him.

Who Can Assist Voters?

- * A person of their choice
- * Two election judges

A voter may bring a person of their choice into the polling place to assist with voting; or, the voter may ask election judges to assist with the voting process. If the voter asks for assistance from election judges, the two judges must be of different political parties.

2016 Election Judge Guide Page 32-33

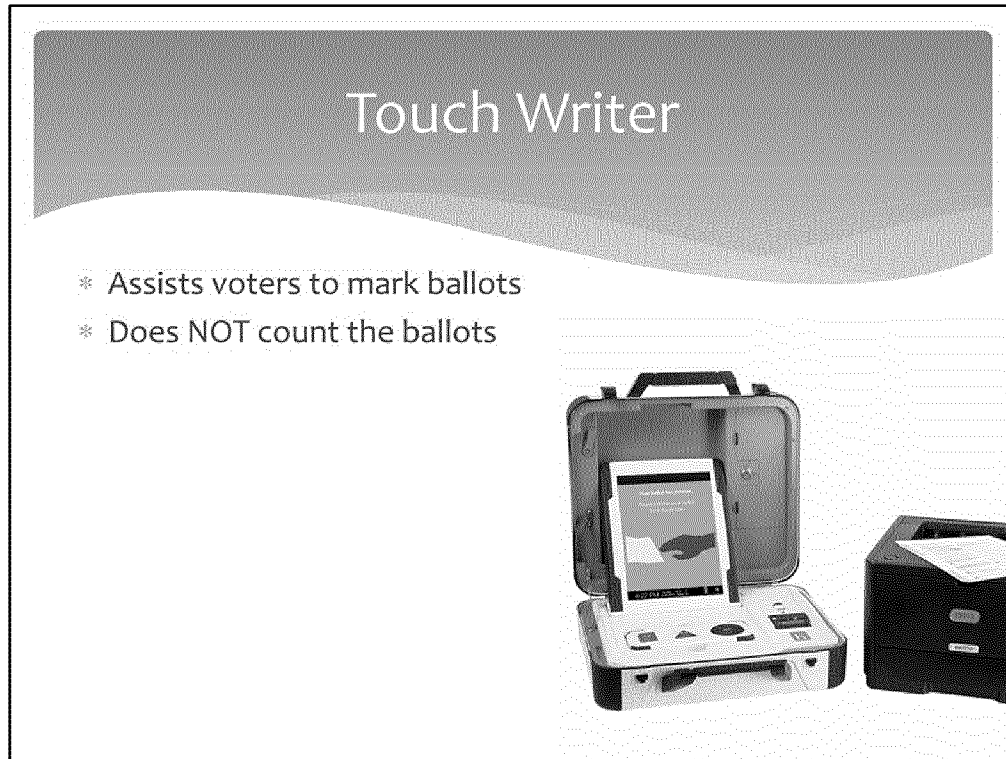

Who Cannot Assist Voters?

- * Voter's employer
- * Agent of the voter's employer
- * Officer or agent of voter's union
- * Candidate for election

However, State Statutes prohibit the following people from assisting voters with the voting process....

- *a voter's employer
- *an agent of the voter's employer
- *an officer or agent of a voter's union; or
- *a candidate for election.

A voter may also choose to utilize the Touch Writer. The Touch Writer is a device designed to assist voters with disabilities to mark their ballots privately and independently.

Ballot Marking devices are required by Federal law and is designed to assist voters with disabilities to mark their ballots privately and independently by offering:

- Large print
- Audio Instructions

- Key pad
- Touch Screen
- Checks for ballot errors
- Privacy
- Independence

Voters who choose to use the Touch Writer to mark their ballots will need to print their ballot and then run it through the Verity Scanner

Tabulator / Ballot Counter like other voters do. Like a pen, the Touch Writer is simply a ballot marking device...it does not count ballots.

Option #2: Curbside Voting

- * Ask voter's name
- * Check roster for registration
- * Check for AB indicator in roster
- * Two judges take forms to voter's car
- * Voter completes forms

One of the election judges conducting curbside voting will ask for the voter's name and then check the Master List to determine if the voter is registered to vote in that precinct. If they are not, the election judge will use the precinct finder to make sure the voter resides in the precinct. The election judge will also check the supplemental reports provided to the Roster and New Registration judges to make sure that the voter has not voted by absentee ballot.

Two judges of different political parties will take a "Certificate of Registered Voter" form, a clipboard and a pen to the car for the voter to complete. If the voter is not registered to vote, they will also take a "Voter Registration Application".

- * Take ballot, clipboard, pen and secrecy folder to the vehicle
- * Allow voter to vote, ask them to wait
- * Return to polling place

- * Inform voter ballot accepted

The judges will receive a "Registered Voter's Receipt". They will give the receipt to the Ballot Judge and obtain a ballot. The two judges will take the ballot, along with a clipboard, pen, and secrecy folder to the vehicle. When the voter has completed voting, the voter is asked to wait until the ballot has been inserted into the machine. Both judges return into the polling place and insert the ballot into the ballot counter. One of the judges will go back to the vehicle and inform the voter the ballot was accepted and give them an I Voted sticker, or, if necessary, explain any errors.
